"I vow to fiercely love you in all your forms, now and forever"

HI I'M THOM

A creative soul with a love for romance and art.

I have always been creatively minded and had a deep love for true connection between humans, I love a chat with anybody any chance I get to.

i believe at the end of the day, these true moments, even the smallest ones, are what mean the most.

Weddings are filled with these tiny moments and the fact that I get to capture them, stop time and hand them on to you to be remembered forever means more than you may ever know.

Chat soon. I can't wait to hear all about your ideas and plans for the day

03

Unbelievably Talented!!

My husband and I could not be happier with our decision to have Thom as our wedding photographer. Thom's ability to capture raw emotion and the positive vibes on the day is second to none. I am borderline obsessed with looking through our album! It takes me straight back to the immense love and happiness we felt that day.

As people who are generally camera shy, we felt completely relaxed and comfortable the entire time. No need for awkwardly posed portraits that your kids will cringe at (or create a meme about) in years to come.

HOW DOES IT WORK?

04

01 Lets Chat

A free Consultation for you to get a fee for what It'll be like working together. We'll chat about your dreams, visions and how we can make it all work. Zoom meetings are easy or we can schedule to break bread together over food and drink.

02 Lock it In

Yay!
We'll finalise your deposit and sign the dotted line to secure my services for your date. And with that, No one else can touch it!

03 Nail the Details

Nail the details, I'll work behind the scenes stalking your venue or popping out to visit it if I'm in the neighbourhood. We'll keep in touch throughout your planning, I'll send a form for all the information I need, but I'm also only an email away!

04 The Big Day

I'll show up excited and ready to shoot your big day! Grandma and Grandpa will love me and all your guests will think "What a cool guy!"
I wont miss a beat being there for every special moment, even if you don't notice me!

05 Sneak Peek

Lets relive that epic day all over! I know how hard waiting is so I'll send a sneak peek of a few photos within the first few days after your wedding while I get stuck into getting them all edited for you.

06 You've Got Mail

Grab some wine, a snack or special treat, get comfy and cosy cause you're going to want to view this together. Hop online via the link you'll receive in an email and peruse your gallery letting all the memories flood back.

07 Album Design

If you're keen on this or already chosen to add one, I'll design a mockup of your wedding album and send it through to you for approval. We'll then fine tune together until we've nailed the perfect coffee table centre piece!

*From start to finish, Thom has not only captured but helped create the best wedding atmosphere and moments! We've had guest complimenting and commenting on him and how **he literally made the wedding day even better because of his kickass attitude and not to mention the breath taking photos captured!***

About Alex

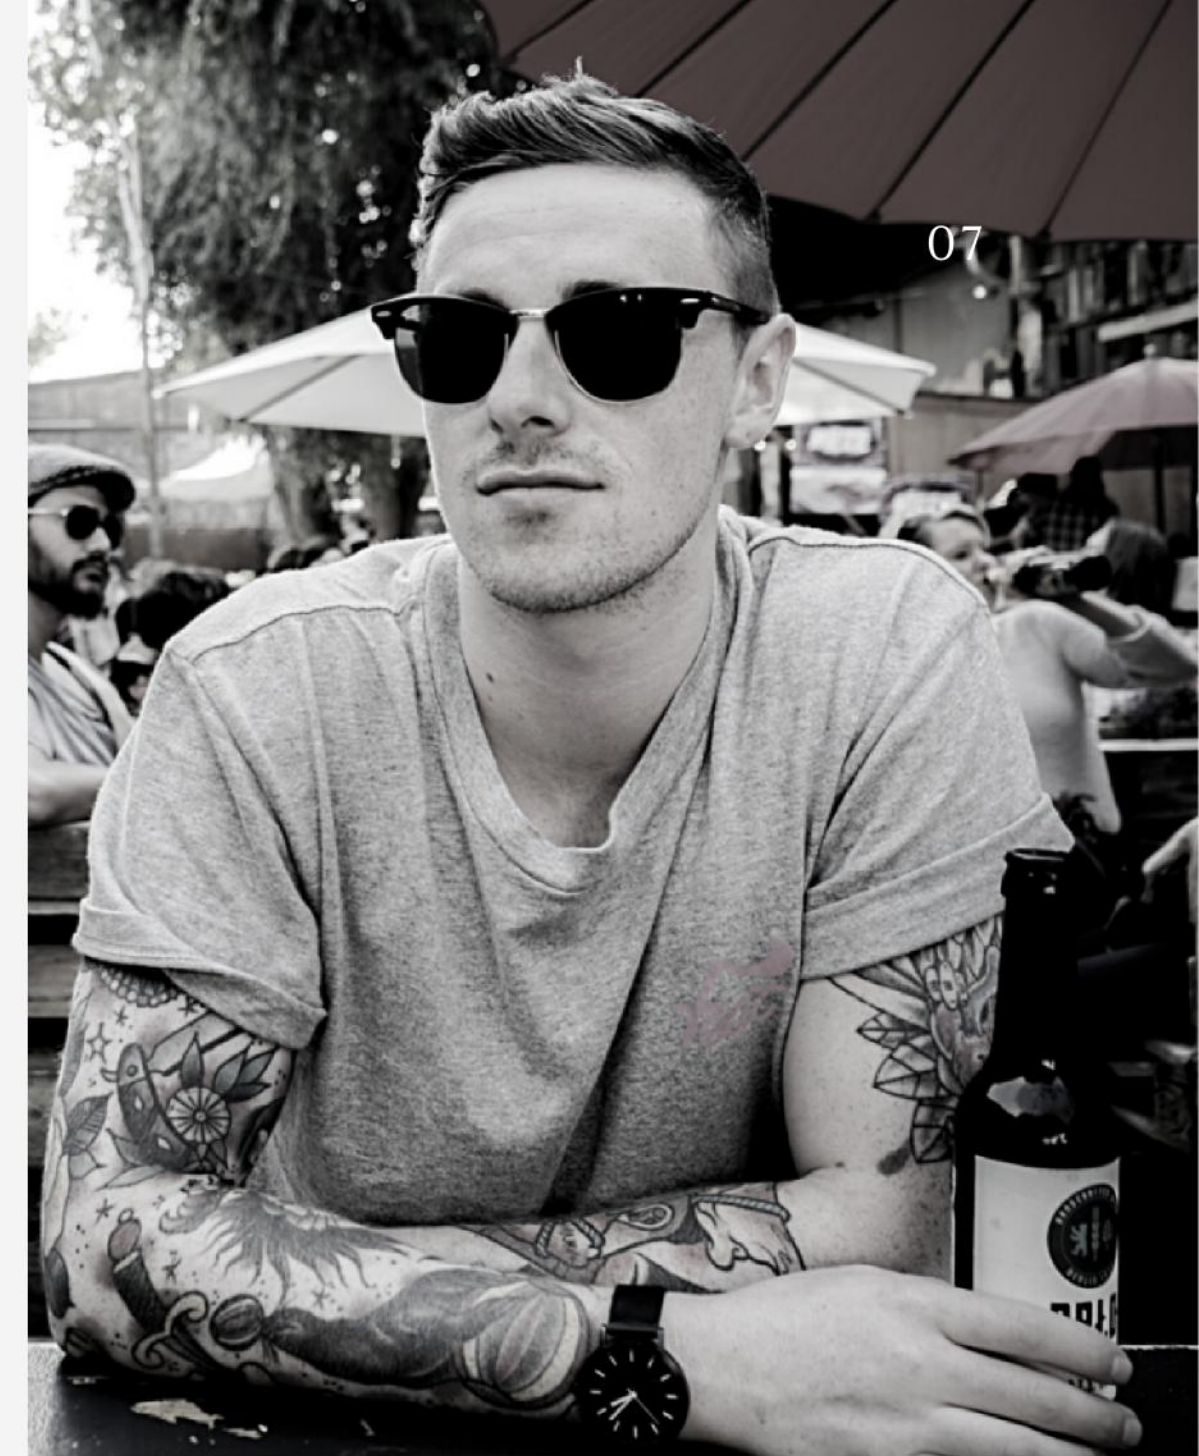

Just a man with a passion for people, a story teller, capturing moments, with a fly on the wall approach.

Born and bred in Sydney's northwest, I have always had a fixation with creating and capturing things in a unique way.

What started with a humble hand me down video camera, blossomed into where i am today.

LOVERS *Sessions*

I love photographing engagement photos. But I prefer to call them 'lovers sessions' - simply because I want it to be all about you as a couple - and your first adventure with me.

Lovers Sessions are a great way for me as your photographer to get to know you as an individual and as a couple. Lovers sessions are designed to be as easy as possible. So join me for a few beverages (on the house), some great music and an adventure of your choice (or if you aren't sure where to go - I will happily make some recommendations).

My aim is to spend plenty of time with you before the big day - so that on your wedding day, I can feel more like a friend celebrating with you - than 'just' a photographer.

ALBUMS

Albums are the perfect way to showcase your big day.

Albums are a wonderful keepsake to remember your day - and are a beautiful option to leave on display in your home to show all your guests as they enjoy a cup of tea with you. I work on designing the album you want, so therefore I don't print anything until you've signed off on the layout and design of the album. So let's get designing!
